This is "Keong Emas" (Golden Snail) Strikingly unusualand colourful in appearance.Living invitation and guide to TMII visitors. The theatre with facilities and character using the most modern cinematografic technique, presents the beauty of Indonesia seen from all dimensions, projected on the largest screen in the world.

The film "Beautiful Indonesia" offers in 30 minutes a complete presentation of mighty sceneries in Indonesia and fabulous arts and fascinating way of life of its people.

On the whole, this Imax Theatre gives meaningful introduction to go through the richness of the extensive Taman Mini Indonesia Indah and to all tourists visiting Indonesia. The 160-hectares park has an orchid garden, aviary, artificial lake and lifesize models of traditional architectures enriched by regular performances of ethnic art.

In the "Museum Indonesia" one can enjoy a collection of traditional Indonesian costumes and attributes, warrior's outfits, art and craft, weapons, household utensils, coin and other interesting exhibits. The building itself is a spectacular edifice in classical Balinese style with ponds and gardens.

Built in the foreground of Taman Mini is a tall serene and dignified monument. "Tugu Api Pancasila", which reflects the spirit of the state philosophy Pancasila.

In conformity with the principles of Pancasila, six houses of worship are provided in such way that symbolizes the tolerance among all religious adherents.

Taman Mini gives visitors an exciting insight into the real Indonesian life. □
